

The map displays the Turek water management area, which is a complex network of water bodies and land. The Turek River is the central feature, flowing from the north towards the south. It is surrounded by numerous tributaries, including the Kiełbaska, Struga Janiszewska, and Struga z Emyrtyki. The map also shows the Turek Water Management District (Nadzór wodny Turek) and the Turek Water Management District (Nadzór wodny Turek). The map covers parts of the Wielkopolskie, Łódzkie, and Świętokrzyskie voivodeships. Key locations include Turek, Końskie, and Wągrowo. The map also shows the Turek Water Management District (Nadzór wodny Turek) and the Turek Water Management District (Nadzór wodny Turek).
